## TECH EXPERIENCE

**Marketing Manager** – *Bukaty Companies* – Leawood, KS

**2017 - Present**

- Deployed two commercial websites, [lifetransitions.co](https://lifetransitions.co) and [enroll-source.com](https://enroll-source.com). Served as primary liaison between developers and executive management by communicating technical and design details between the two parties.
- Integrated our internal client database with the HubSpot API. Acted as main contact between developers and several company divisions by interpreting the technical details and project requirements.
- Worked to integrate our proprietary technology, EnrollSource, with the Salesforce platform of Blue Cross/Blue Shield of Kansas City. Served as a primary contact to oversee project completion.
- Maintained five corporate websites using Drupal and Webflow. Worked with the web developer to implement continuous improvements to functionality and design.
